Hi Doug,

I have written up my inspection report on the Tusher site and am recommending release of the remaining \$1000 of the bond. I looked back through the NOI approved in 2006, and it said that revegetation standards were minimal as there was little or no vegetation present prior to disturbance. I believe we backfilled the hole enough to alleviate any potential public safety issue.

With concurrence from the BLM, we will go ahead and request release of the bond from the State Treasurer. If you concur with that, you can respond in the affirmative to this email and/or write an official letter of concurrence. I'm pretty sure the BLM will want to put it in writing on letterhead anyway.

Thanks,

--

Hi Mike. We are agreeable to releasing the bond and closing the case. We will follow up with an official letter.

Thanks,
